

TAKE-OUT SOLUTION

Give your customers the convenience of online ordering paired with a safe, limited-to no-contact experience. Take-Out is the mobile-friendly CaterTrax solution for today's evolved, retail-oriented marketplace.

Take-Out is a suite of functions offering flexible options for both you and your customers. We make it easy for your customers to access your menu wherever, whenever; and we make it simple for you to execute on those orders.

Say goodbye to long lines and wait times. Let CaterTrax help you streamline your operation, adapt to on-the-go ordering, and multiply your revenue streams.

FUNCTIONS

Each function includes:

- An administrative portal where you can manage orders, customers, and payment
- Customizable business rules so you can offer pick-up, delivery, or both
- Standard reports to help you make data-informed decisions
- Responsive design, ensuring compatibility across different devices

▶ TO-GO

When dining out isn't an option, we've got you covered. Whether your customers are at home or on-the-move, use To-Go to give them a convenient, flexible choice for meals that fit their schedule.

▶ MEAL REPLACEMENT

With Meal Replacement, you can provide pre-order pickup to support your customers serving as essential workers in reduced-capacity facilities. It's an easy and efficient way to offer meals throughout the workday, and it provides an opportunity to offer take-home meals for customers and their families.

▶ LIMITED CATERING

Adapt to the evolving environment with Limited Catering. Control your offerings to include a variety of cost-effective customer favorites so you can match your menu to your current business needs.

TAKE-OUT SOLUTION

▶ CAFE SERVICES

Developed for satellite foodservice locations, Cafe Services supports a limited menu of food and beverage options. Let CaterTrax help you provide your customers with their morning, lunchtime, or afternoon pick-me-up.

▶ GROCERY

Use Grocery to offer your customers the convenience of a one-stop-shop experience for food and everyday essentials. Leverage your supply chain network to provide a variety of groceries and necessities, saving your customers time and giving them a quick shopping list of reasons to come back for more.

IMPLEMENTATION

Each Take-Out function seamlessly integrates with other CaterTrax solutions so you can manage your operation with one, centralized system. Choose one, two, or all functions to support your unique business needs. We can help you mix and match functions to find the right fit.

For pricing information and more details, please contact marketing@catertrax.com.

CLIENT SUPPORT

The full suite of Take-Out functions is supported by our superior client services team. Whether you have questions post-implementation, need a personalized training session, or want custom support, our team is here to set you up for success.
